**Why Suffer?**  
Mrs. J. A. Cox, of Alderson, W. Va., writes: "My daughter... suffered terribly. She could not turn in bed... the doctors gave her up, and we brought her home to die. She had suffered so much at... time. Having heard of Cardui, we got it for her."

**CARDUI**  
The Woman's Tonic  
"In a few days, she began to improve," Mrs. Cox continues, "and had no trouble at... Cardui cured her, and we sing its praises everywhere. We receive many thousands of similar letters every year, telling of the good Cardui has done for women who suffer from complaints so common to their sex. It should do you good, too. Try Cardui."

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE HONOR SYSTEM" COMING  
"The Honor System," a powerful human interest drama, will be presented at the Strand in this city next Wednesday, April 24. The staging of this spectacular play in Arizona and California caused a sensation in the far west. The resources of the state and the wealth of one of the largest film corporations were taxed to produce a work the direct appeal of which is to the hearts of the people. This is because "The Honor System" deals with the here and now of one of the world's most perplexing questions. It shows the individual in a tragic battle against the forces of society. Since "Way Down East" and "The Old Homestead" on the legitimate stage nothing else has been produced of such vital dramatic fibre.

**COOKEVILLE VISITORS**  
Mr. and Mrs. Jeff Wall of Cookeville were pleasant visitors to Carthage last Saturday and Sunday. Mr. and Mrs. Wall came to attend the revival at the Methodist church being conducted by Evangelist Patty and Roddy. Mr. Wall assisted in the singing while here and delighted the audiences with his charming solos. He also plays the trombone to the delight of all. Mrs. Wall is a talented musician and a splendid accompanist. Mr. Wall is preparing to enter the evangelist field as a soloist and choir director, and is certainly gifted along this line, not only having an excellent voice, but to the love of souls on his heart and the manner and power to give him a place with any leader evangelist. Mr. and Mrs. Wall while here were the guests of Mr. and Mrs. John Robinson, Rev. and Mrs. J. L. Smotherman and Rev. and Mrs. F. B. Cox.—Carthage Courier.

**IMPROVE YOUR STOCK**  
To the Farmers and Stockmen of Putnam and Adjoining Counties:  
We must improve our horse stock. Our mares have run down on account of high mules until something will have to be done. Every farmer should have some good draft mares and raise some good mules and stop sending our money west for mules. Also the saddle horse. It has been said the automobile will take the place of the horse. I am glad we live in an age of improvement, yet no machine can take the place of the horse. He is the highest of the animal kingdom. He is next to man, and long as there are men you will find some of them that are lovers of the horse. We should also improve all kinds of stock and raise the best. The farmer feeds the world and with proper management can be the most independent. Let the farm work stop and all other business fails. There was never a time when the farmer needed to raise more stock and bigger crops than this year, and in so doing help to win the war.

**HEAR!**  
Without the missionaries as interpreters, public business could not be transacted. I could not, but for their aid, have advanced one step in the discharge of my duties here or read or written or understood one word of correspondence or stipulation.—Mr. Reed, American Minister to China.

The Woman's Missionary Society met April 8th, at 3 o'clock p. m., with Mrs. J. F. Smith. Mrs. Elmer Wirt had charge of devotions, using for her subject "The Humanitarian Foundation of the Old Testament Sabbath." This was an inspiring Bible lesson as given by Mrs. Wirt, in connection with the social service topic.

The afternoon was mostly taken up by Mrs. Benton Stanton, who gave a very interesting report of her visit to the annual missionary meeting at Nashville. Among the other things that Mrs. Stanton reported to us was the auto ride the delegates were given to the three settlements, Bethlehem House, Warlike and the Wesley House. Seeing actual classes doing the work as carried on made an impression that could scarcely have been pictured so favorably otherwise. The health center at Wesley House was especially interesting. The clinic just opened was described by the nurse in charge, who works under the direction of the city health officers. The Warlike settlement serves a large community in the heart of the factory district. Bethlehem House is doing a noble work among the Negroes, in cooperation with the students and faculty of Fisk University. The report of all the departments of work taken up and carried on by the Woman's Missionary Society was good and helpful, and in all we enjoyed the report of our delegate very much.

April 2, we met with Mrs. B. M. Stanton. Subject for study—"Fruit of the Year, in Our Mountain Work."

**METHODIST CHURCH**  
The pastor, Rev. R. J. Craig, will reach Sunday morning at 11 o'clock, his subject being "The Ideal Preacher." The service beginning at 7:30 p. m. will be evangelistic. A cordial invitation to all to attend both these services.

**VOLUNTEERS WANTED**  
A large number of registered men who have a trade and can qualify are wanted for service in the army. If you have a trade see the local board at once, as the time is short, the opportunity ending April 27. The local board can furnish you all the necessary information.

**ASK YOUR DEALER**  
In a conversation with R. P. Morgan of the Morgan Produce Co. he stated to a Herald reporter that it would be well for anyone wanting to sell hens to call up the dealer before starting to town with a load. Transportation is uncertain and other unusual conditions make the situation hard to handle. The season is also late and hot weather about due. All things considered, Mr. Morgan feels certain that it will be best for all to do as he suggests.
